# Summary

**The support that your organization has provided to the DAWG has been extremely useful, and will greatly assist us in providing valuable information that can improve the management of data throughout the Command**

- **\_\_\_# individuals have participated in the interview process.**
- **All information gathered today will be aggregated with information from other sites**
- **Final results will represent HQ, & all DCMDs and CAOs**

# Next Steps

- **Preliminary results will be available on or after March 31, 2000**
- **Identify data-intensive processes throughout DCMC**
- **Review systems associated with these processes to evaluate how data collection/entering/analysis can be minimized**
- **Evaluate these processes from a data collection/entry/analysis viewpoint to recommend any changes, if appropriate (Phase II)**

# More Next Steps

- **Current Phase ends on April 30, 2000**
- **Possibly extrapolate current investigation to all DCMC processes (Phase III)**
- **PLEASE URGE OTHERS TO FILL OUT THE WEB-BASED SURVEY, IF THEY HAVE NOT ALREADY DONE SO!**
